**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board of Trustees  
Oregon State University  
Corvallis, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of Oregon State University (the University), a component unit of the State of Oregon, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 28, 2025. Our report includes a reference to other auditors who audited the financial statements of the Oregon State University Foundation, one of the discretely presented component units, as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Oregon State University Foundation and the Agricultural Research Foundation (collectively the aggregate discretely presented component units) were not audited in accordance with *Government Auditing Standards*.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any

Members of the Board of Trustees  
Oregon State University

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND  
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY THE UNIFORM GUIDANCE**

Board of Trustees  
Oregon State University  
Corvallis, Oregon

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Oregon State University's (the University), a component unit of the State of Oregon, compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2025. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on each major federal program is not modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on Oregon State University's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. Oregon State University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on Oregon State University's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. Oregon State University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of Oregon State University, a component unit of the State of Oregon, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Oregon State University's basic financial statements. We have issued our report thereon, dated October 28, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

Board of Trustees  
Oregon State University

used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

A handwritten signature in cursive script that reads "CliftonLarsonAllen LLP".

**OREGON STATE UNIVERSITY  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2025**

**NOTE 1 BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Oregon State University under programs of the federal government of the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Oregon State University, it is not intended to and does not present the financial position, changes in net position, or cash flows of Oregon State University.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Oregon State University has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 3 FEDERAL STUDENT LOAN PROGRAMS**

The federal student loan program listed subsequently is administered directly by Oregon State University, and balances and transactions relating to these programs are included in Oregon State University's basic financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding at June 30, 2025, consists of:

Program Title	ALN Number	Amount Outstanding
Perkins Loans	84.038	\$0

**NOTE 4 STUDENT FINANCIAL AID INSTITUTIONAL AND PROGRAM ELIGIBILITY METRICS**

The University is in compliance with the following institutional and program eligibility requirements under the Higher Education Act of 1965 and federal regulations under 34 CFR 668.23:

- Correspondence courses the University offers under 34 CFR 600.7(b) and (g)
- Regular students that enroll in correspondence courses under 34 CFR 600.7(b) and (g)
- University's regular students that are incarcerated under 34 CFR 600.7(c) and (g)
- Completion rates for confined or incarcerated individuals enrolled in nondegree programs at nonprofit institutions under 34 CFR 600(c)(3)(ii) and (g)

**OREGON STATE UNIVERSITY  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2025**

- University's regular students that lack a high school diploma or its equivalent under 34 CFR 600.7(d) and (g)
- Completion rates for short-term programs under 34 CFR 668.8(f) and (g)
- Placement rates for short-term programs under 34 CFR 668.8(e)(2)

**OREGON STATE UNIVERSITY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

***Section I – Summary of Auditors’ Results***

---

***Financial Statements***

1. Type of auditors’ report issued: Unmodified
2. Internal control over financial reporting:
- Material weakness(es) identified?  yes  no
  - Significant deficiency(ies) identified?  yes  none reported
3. Noncompliance material to financial statements noted?  yes  no

***Federal Awards***

1. Internal control over major federal programs:
- Material weakness(es) identified?  yes  no
  - Significant deficiency(ies) identified?  yes  none reported
2. Type of auditors’ report issued on Compliance for major federal programs: Unmodified
3. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?  yes  no

***Identification of Major Federal Programs***

84.334	Gaining Early Awareness and Readiness for Undergraduate Programs

Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000

Auditee qualified as low-risk auditee?  yes  no

**OREGON STATE UNIVERSITY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2025**

---

***Section II – Financial Statement Findings***

---

Our audit did not disclose any matters required to be reported in accordance with *Generally Accepted Governmental Auditing Standards*.

---

***Section III – Findings and Questioned Costs – Major Federal Programs***

---

**2025-001: Allowable Costs/Cost Principles**

Federal Agency: Department of Education

Federal Program Title: Education Stabilization Fund

Assistance Listing Numbers:

- 84.425C – Governor’s Emergency Education Relief Fund
- 84.425R – Emergency Assistance to Non-Public Schools
- 84.425U – Elementary and Secondary School Emergency Relief Fund
- 84.425V – Emergency Assistance to Non-Public Schools

Award Period: July 1, 2024 to June 30, 2025

Type of Finding:

- Other Matters
- Significant Deficiency in Internal Control over Compliance

**Criteria or Specific Requirement:** Entities receiving federal awards must identify in its accounts all federal awards expended and report those amounts on the Schedule of Expenditures of Federal Awards for the period the federal award was expensed. Specifically, in accordance with Uniform Administrative Requirements outlined in 2 CFR 200, the guidance states:

- Per 2 CFR 200.502, the determination of when a Federal award is expended must be based on when the activity related to the Federal award occurs.
- Per 2 CFR 200.303, entities must establish and maintain internal controls which provide reasonable assurance that federal award expenditures are in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.
- In addition, per 2 CFR 200.510, the Schedule of Expenditures of Federal Awards (SEFA) must be prepared to reflect the awards for the period covered by the auditee’s financial statements. 2 CFR 200.510 also states that for costs to be allowable, they should be determined in accordance with generally accepted accounting principles (with exceptions provided in that part).

**OREGON STATE UNIVERSITY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2025**

**Condition:** The University's year-end cutoff controls allowed for certain costs from Fiscal Year 2023 and Fiscal Year 2024 to be reported in the Fiscal Year 2025 SEFA.

**Context:** During our testing of 40 payroll transactions, we found 1 instance of payroll related expenses that were incurred during Fiscal Year 2023 being charged to the federal program in Fiscal Year 2025 and 12 instances of payroll related expenses that were incurred during Fiscal Year 2024 being charged to the federal program in Fiscal Year 2025.

**Questioned Costs:** Known amounts of Fiscal Year 2023 costs included in the Fiscal Year 2025 SEFA was \$813 and known amounts of Fiscal Year 2024 costs included in the Fiscal Year 2025 SEFA was \$23,838.

**Cause:** Per the University, the cause for the 13 exceptions was due to the University improperly identifying the awards as State funded at inception. During Fiscal Year 2025, the University discovered that the award through the State of Oregon was Federally funded and re-indexed costs previously recorded on the State award indexes to Federal award indexes. During the re-indexing of these costs, the transaction dates of costs that were incurred during Fiscal Year 2023 and Fiscal Year 2024 were recorded with dates in Fiscal Year 2025 causing them to be included in the Fiscal Year 2025 SEFA.

**Effect:** The University was out of compliance as it relates to identifying and reporting federal costs in the period incurred.

**Repeat Finding:** No

**Recommendation:** We recommend that the University evaluate its cutoff procedures to ensure that federal costs are identified and reported in the correct fiscal year. We also recommend that the University evaluate its internal controls to ensure that federal awards are properly identified as such at inception.

**Views of Responsible Officials:** Management agrees with the finding and has developed a plan to correct the finding.

**Department of Health and Human Services**

Oregon State University respectfully submits the following corrective action plan for the year ended June 30, 2025.

Audit period: July 1, 2024 – June 30, 2025

**FINDINGS—FINANCIAL STATEMENT AUDIT**

Our audit did not disclose any findings required to be reported in accordance with Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) or with *Generally Accepted Governmental Auditing Standards*.

**FINDINGS—FEDERAL AWARD PROGRAMS AUDITS**

2025-001: Allowable Costs/Cost Principles

Federal Agency: Department of Education

Federal Program: Educational Stabilization Fund

ASSISTANCE LISTING Numbers:

84.425C – Governor’s Emergency Education Relief Fund

84.425R – Emergency Assistance to Non-Public Schools

84.425U – Elementary and Secondary School Emergency Relief Fund

84.425V – Emergency Assistance to Non-Public Schools

Award Period: July 1, 2024 – June 30, 2025

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matter

**Recommendation:** We recommend that the University evaluate its cutoff procedures to ensure that federal costs are identified and reported in the correct fiscal year. We also recommend that the University evaluate its internal controls to ensure that federal awards are properly identified as such at inception.

**Explanation of disagreement with audit finding:** There is no disagreement with the audit finding.

**Action taken in response to finding:**

OSU is implementing a campus-wide Administrative Modernization Program (AMP) to update technology, improve efficiencies, and ensure a comprehensive internal control environment. This modernization includes redesigning the university’s administrative and grant processes, including

budget development, payroll lifecycle, employee recruitment, grant effort reporting, procurement, and others. A primary aspect of this optimization is a transition of the university's enterprise resource planning (ERP) system from Banner to Workday effective July 1, 2026. To reflect this system transition, OSU's actions in response to the finding will be taken in two stages:

1. For FY26, the Division of Research and Innovation (DRI) will run reports and screen for anomalies and mismatches of revenue type and fund type to identify awards with the correct federal fund when a federal program is identified with an ALN#. The screening will take place before the fiscal year end, allowing time for corrections to be made in Banner while the fiscal year is still active.
2. For FY27 and beyond, rather than a warning, critical custom validations will be required and established in Workday as follows:
  - Any award that uses an ALN# also must include the appropriate Fund and Revenue Category worktags on the award line
  - Any award with a federal sponsor or federal prime sponsor must have ALN# entered
  - Any award with a federal sponsor or federal prime sponsor must include the appropriate Fund and Revenue Category worktag on the award line

**Name of the contact person responsible for corrective action:**

Jennifer Creighton, Associate Vice President for Research Administration, Finance and Operations

**Planned completion date for corrective action plan:**

Corrective action to screen for anomalies and mismatches of revenue type and fund type in Banner to ensure awards are identified with the correct federal fund will occur by June 30, 2026.

The establishment of custom validations in Workday to ensure identification of federal awards will occur and be ongoing with the new system implementation after July 1, 2026.
